# Professional Experience

DevOps Engineer @ Tata Communications

Jul 2023 – Present

Full Stack Developer Intern @ HighRadius

Feb 2022 – May 2022

📍 Hyderabad, India 🌐 highradius.com

- Built full-stack enterprise solution connecting ML models with React frontend
- REST API based architecture, model inference with Java servlets
- Worked on data preprocessing, model deployment, and UI workflows

React Java SQL

Web Development Intern @ LetsGrowMore

Jan 2022 - Mar 2022

# My Work

Deployed scalable travel, event and telemedicine web and hybrid mobile apps using React SPA and PWA. Collaborated in 140+ projects with 50+ clients all around the world.
